Welcome home to this inviting renovated bungalow in Kingman. Totally redone interior, new kitchen and baths, (main with in-floor heating) all so cozy and cute! The kitchen has a pull out pantry and an island with a nook, as well as a nice dining area. The pride of ownership shows in the detailed wood work and the unique ceilings. Lots of beautiful hardwood and ceramic tile. The setting for this bungalow is pure serenity. A two tiered deck invites you to sit and look upon the huge yard overlooking farmers fields. No neighbors behind you. Just you, the trees and the view! There is a "chicken coop" and an "original" character building. The finished basement has a wood burning stove in the family room, new bathroom and one bedroom but could easily have a second bedroom. New hot water tank and storage area.
